Fantasyland

"The happiest kingdom of them all" is the world within the courtyard of the beautiful Cinderella Castle. In **Fantasyland,** classic stories of childhood "come to life" — a flight with Peter Pan, a journey with Snow White through the Dark Forest, a wild auto ride with Mr. Toad. Nearby, "It's a Small World" — follows passengers on "the happiest cruise that ever sailed."

As Walt Disney said, "The time you spend in this gay and carefree kingdom will be a dream come true — for everyone who is young in heart."

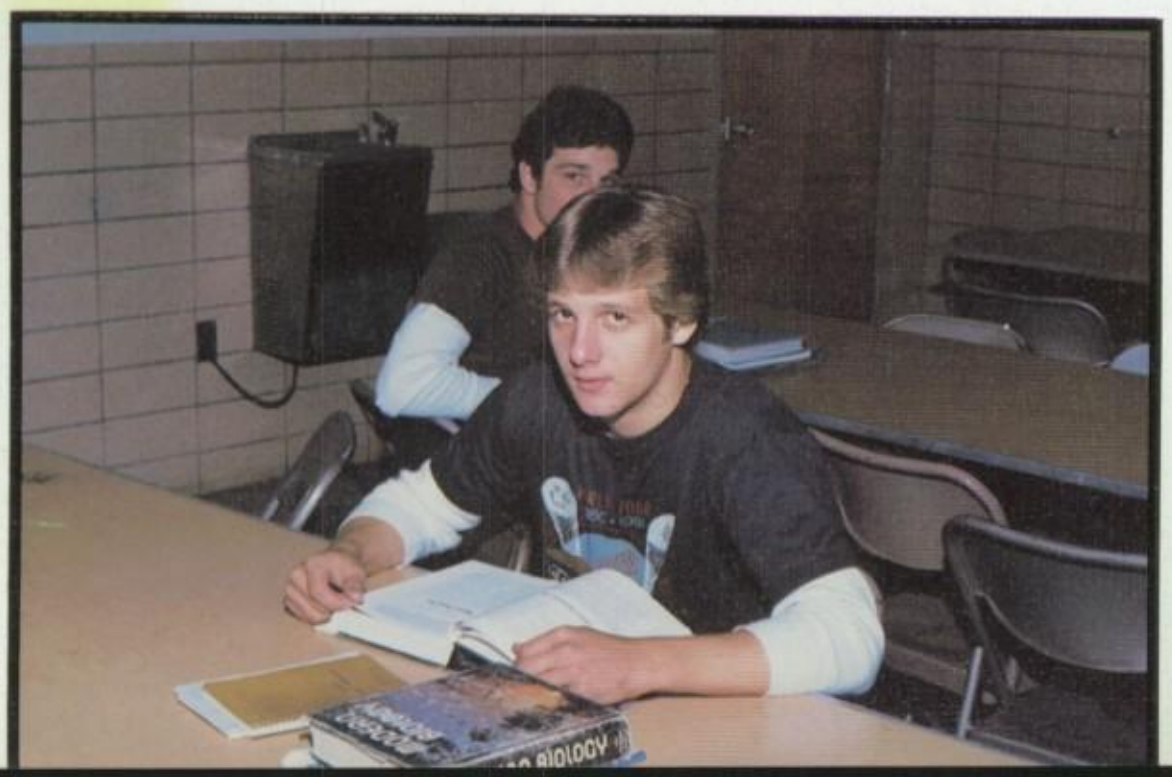
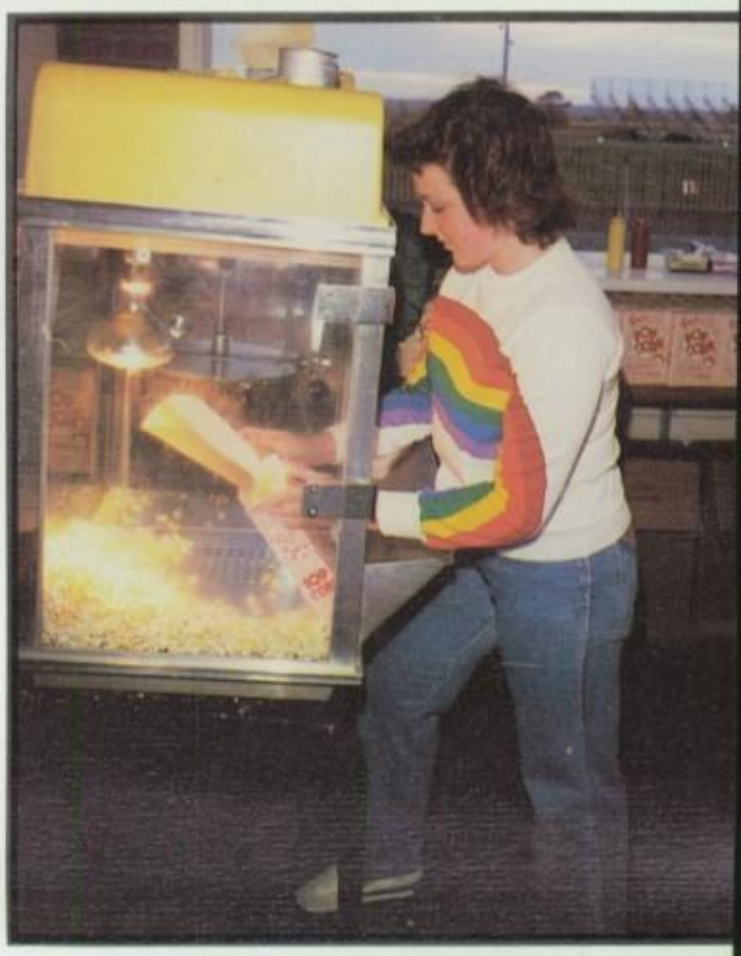
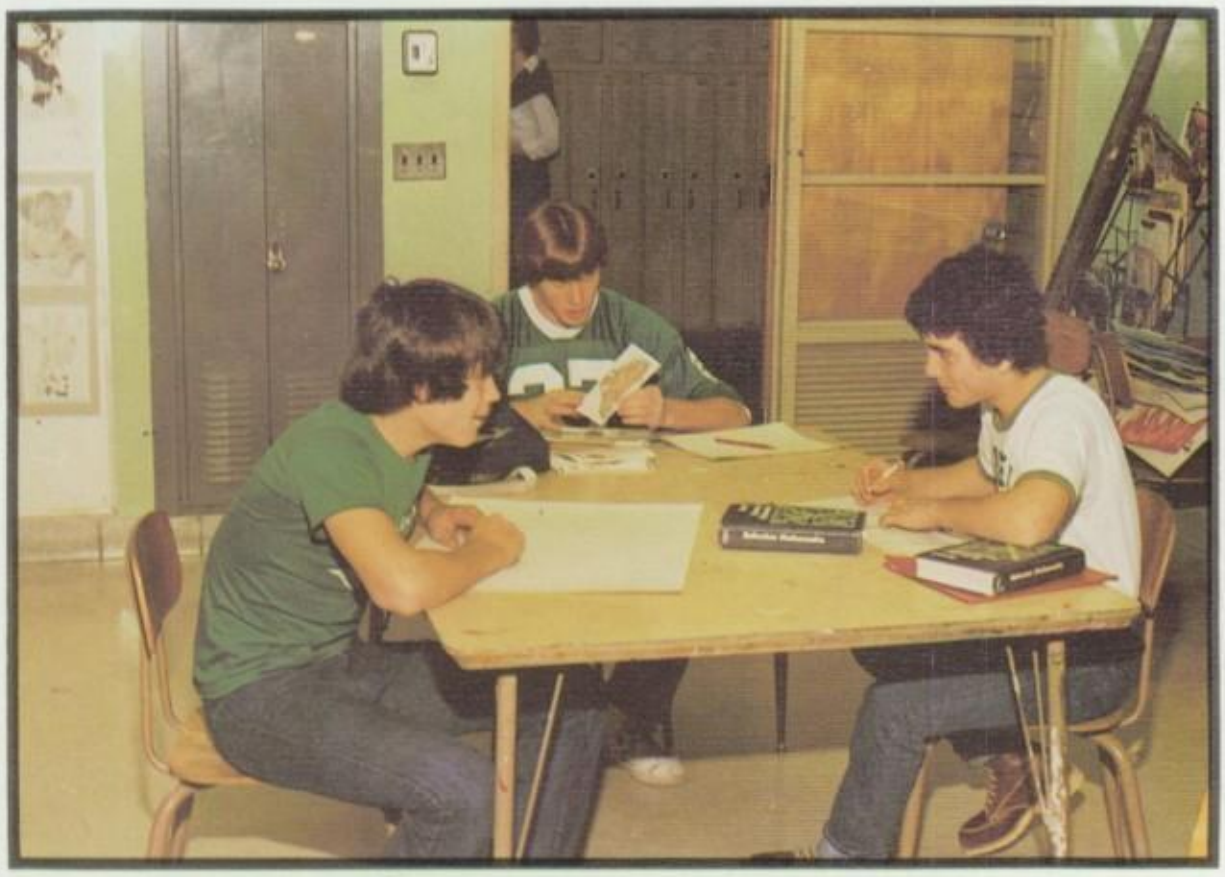
FRONTIER LAND

© Walt Disney Productions







Frontierland

Everyone has a reason to be proud of our country's history, shaped by the pioneering spirit of our forefathers. It is to those hardy pioneers, men of vision, faith, and courage, that Disney World has dedicated **Frontierland.**

In **Frontierland** you can clap your hands to the down-home antics at the "Country Bear Jamboree," and climb aboard the "Big Thunder Mountain Railroad" for an exciting journey aboard a runaway mine train.

Frontierland will take you back in time, to a day when the pioneers moved westward to challenge the American frontier.

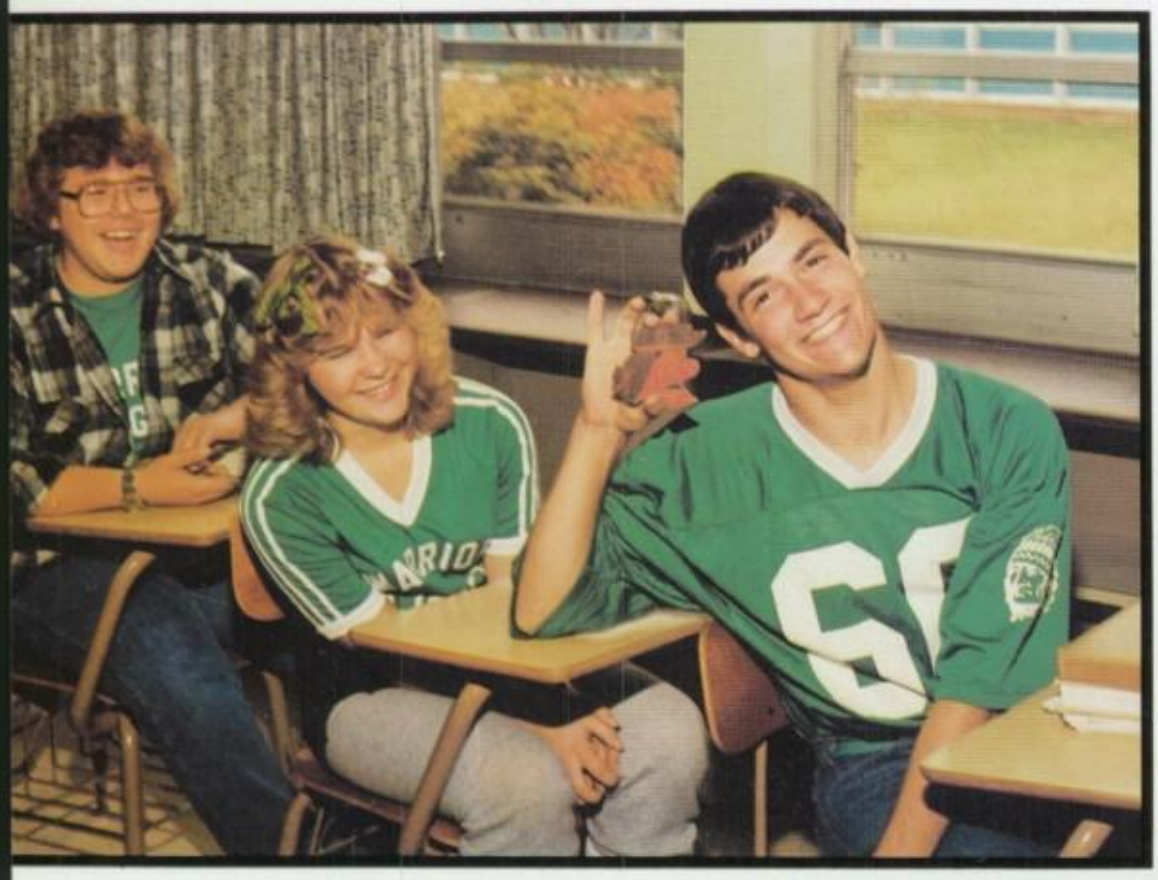
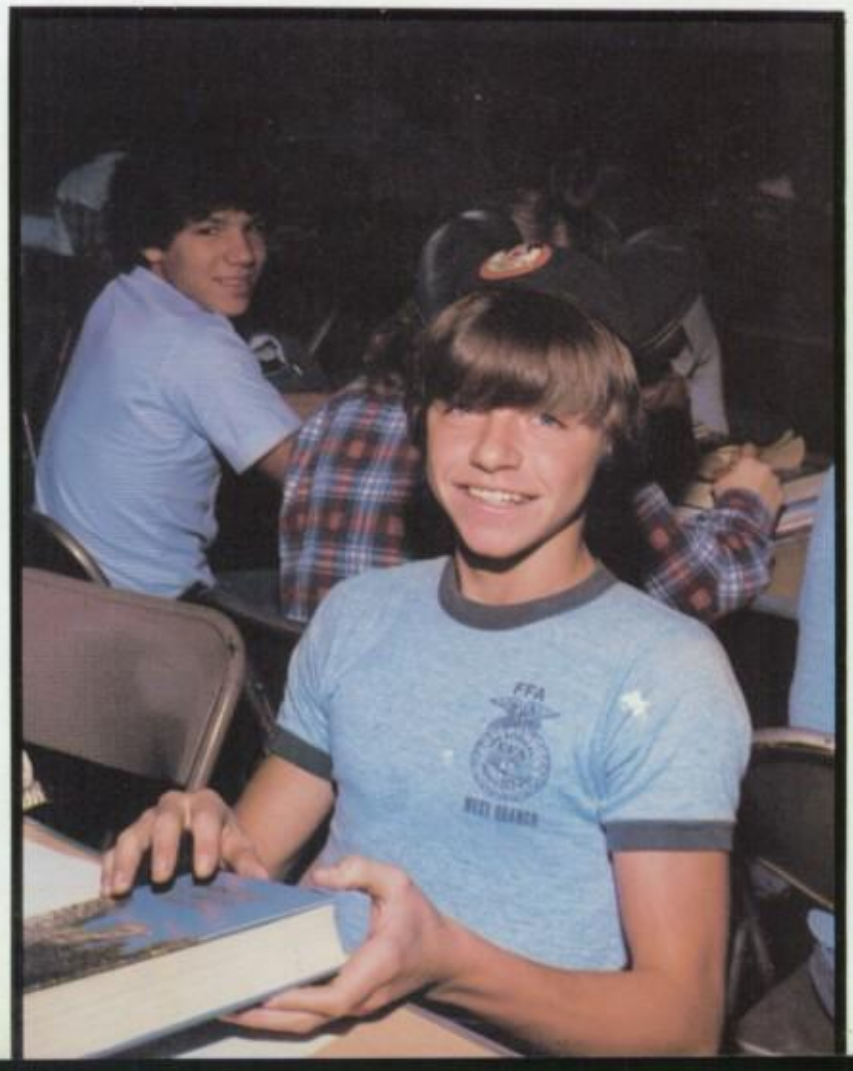
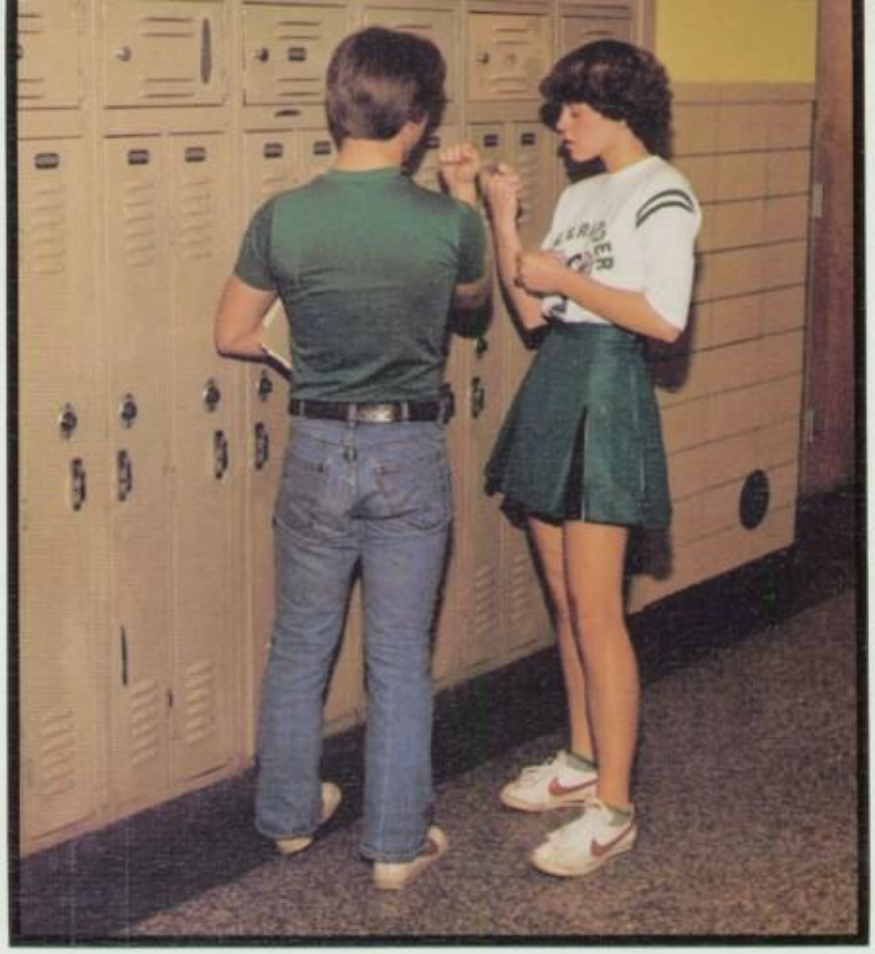
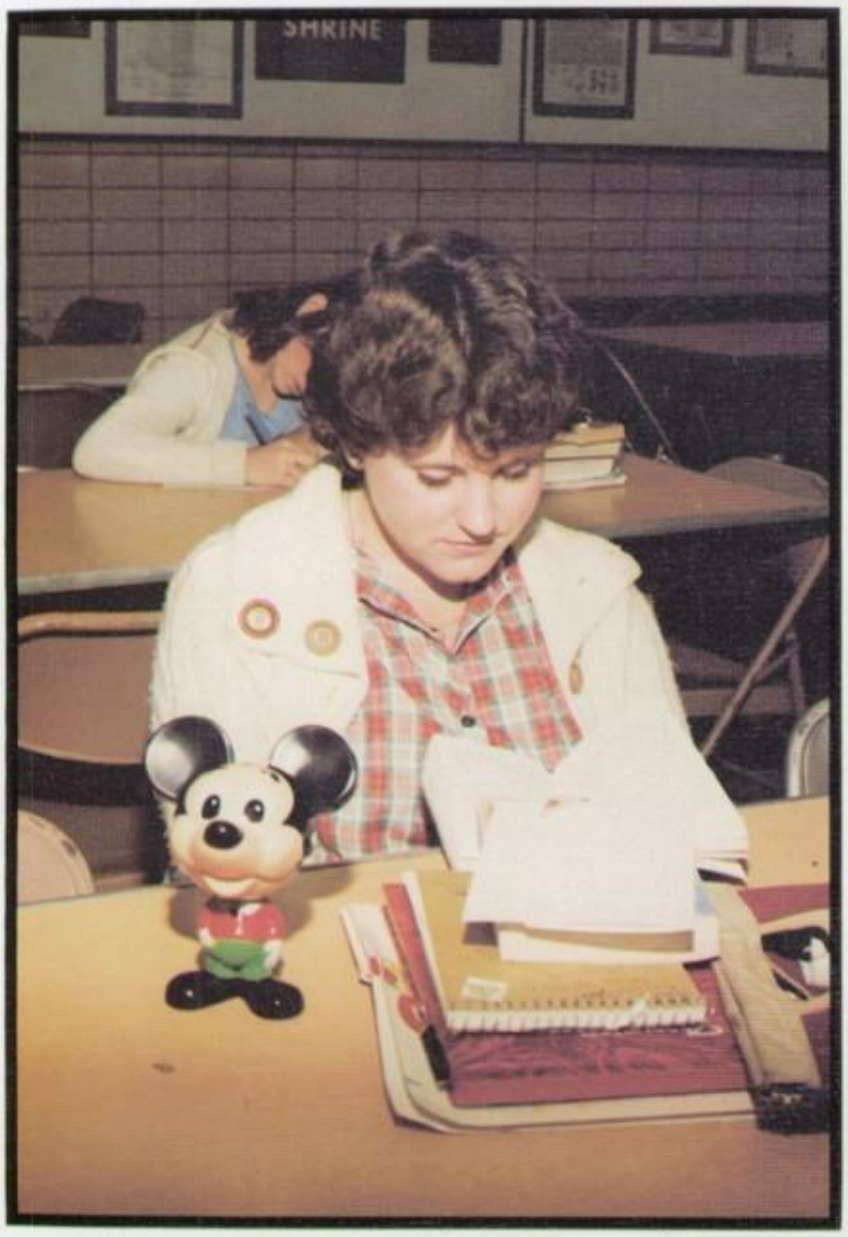
TOMORROWLAND









Tomorrowland

Man is on the move in Tomorrowland—across America, around our world, and beyond the Earth into outer space.

In **Tomorrowland** one can journey to the future inside the thrilling "Space Mountain," then glide above the exciting land aboard the electro-magnetically powered "WEDway People Mover."

For all West Branch students, **Tomorrowland** is a stepping-stone into the future . . . an opportunity today to preview many adventures which only yesterday seemed generations away.

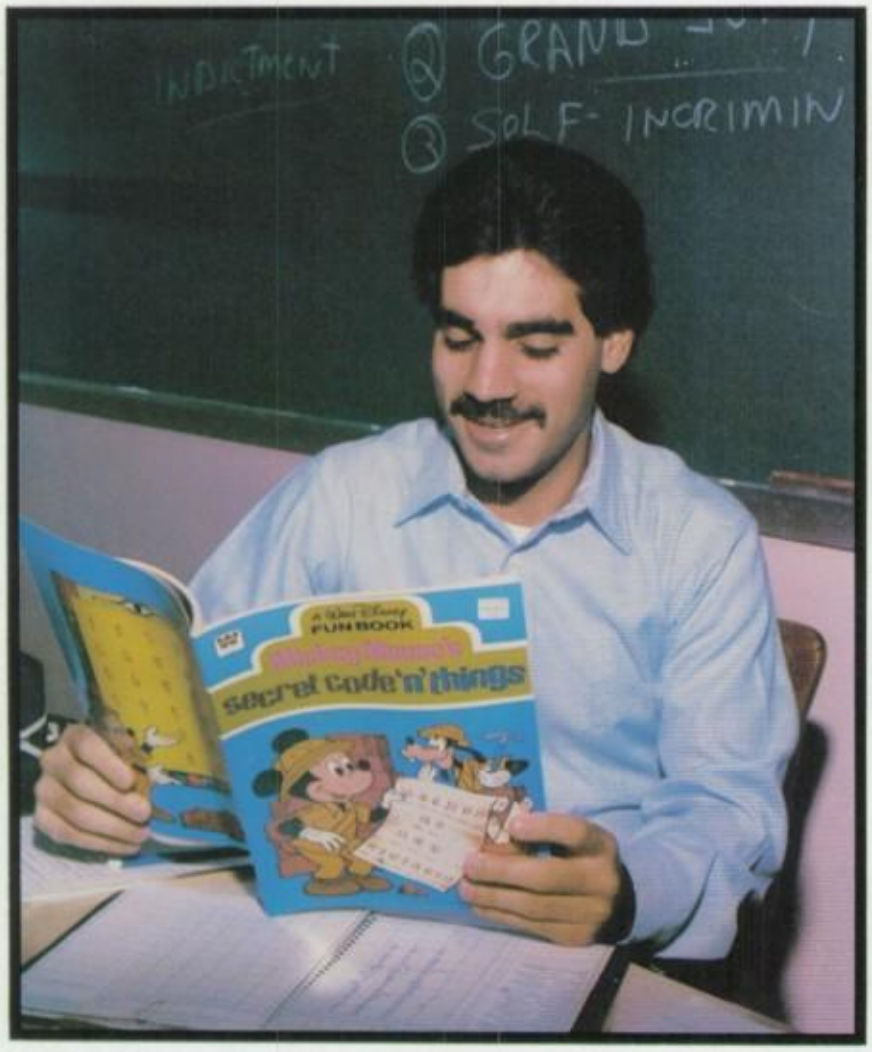
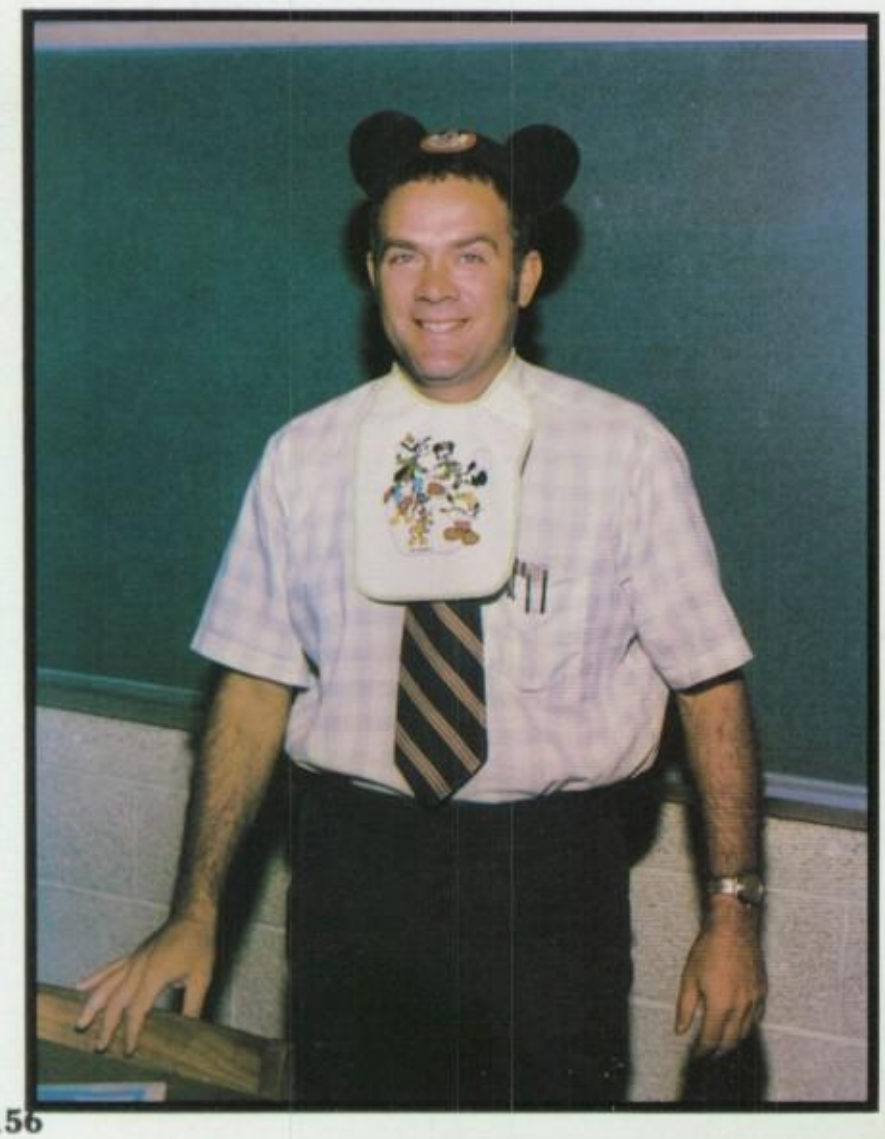
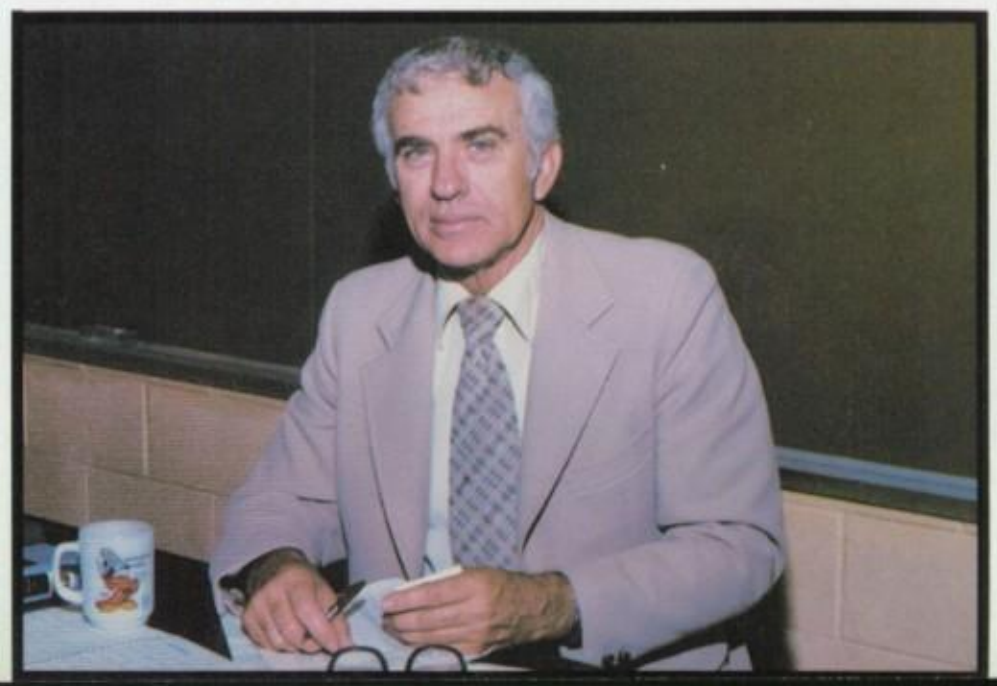
LIBERTY SQUARE

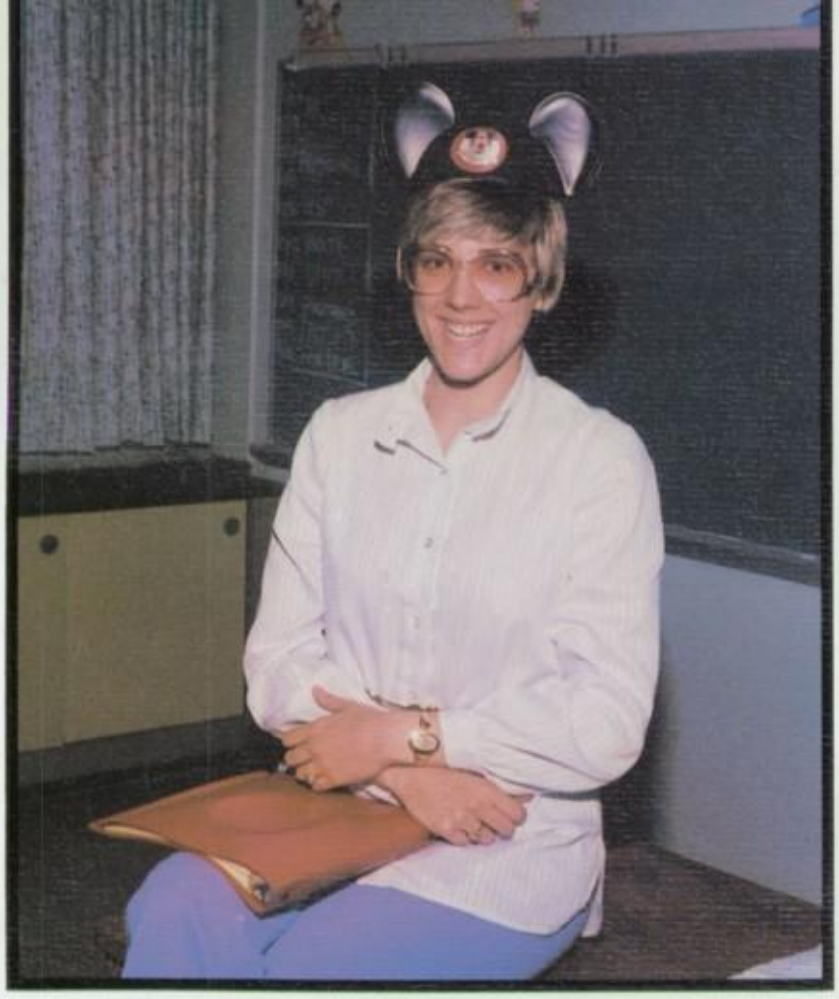
© Walt Disney Productions

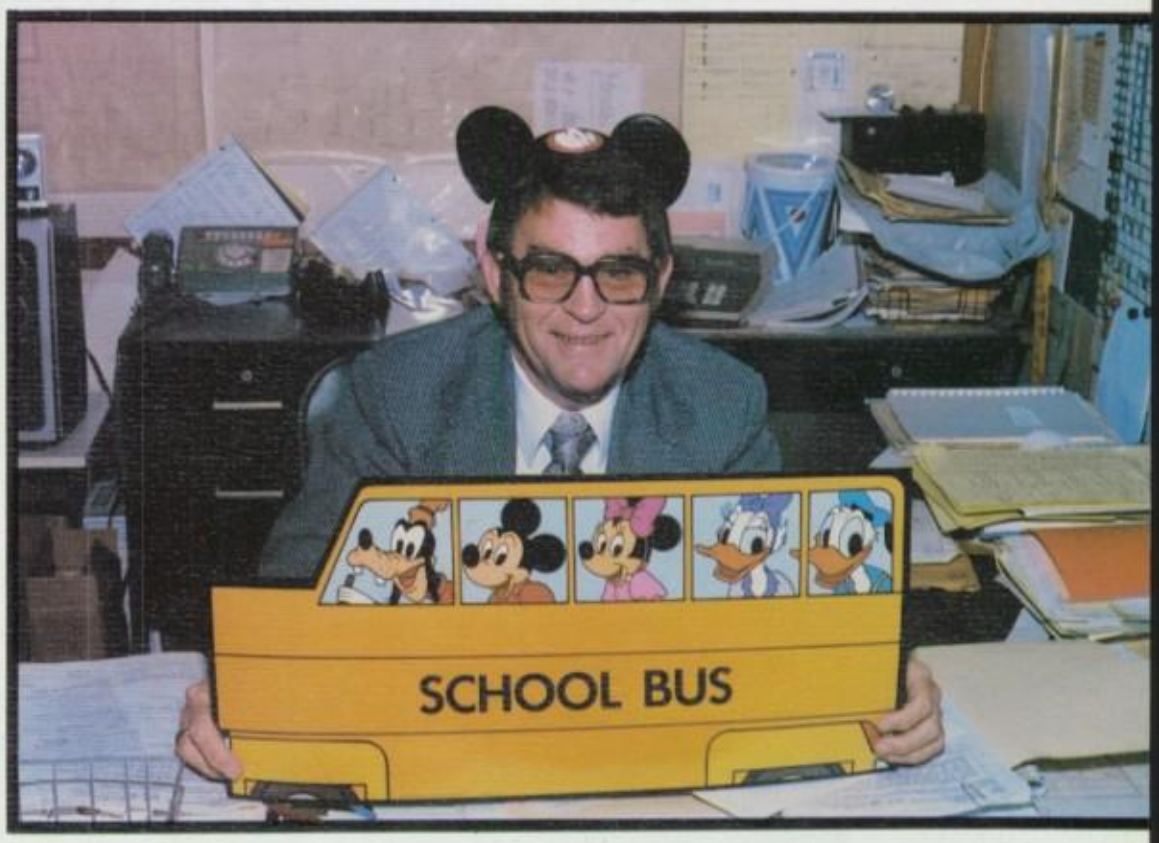


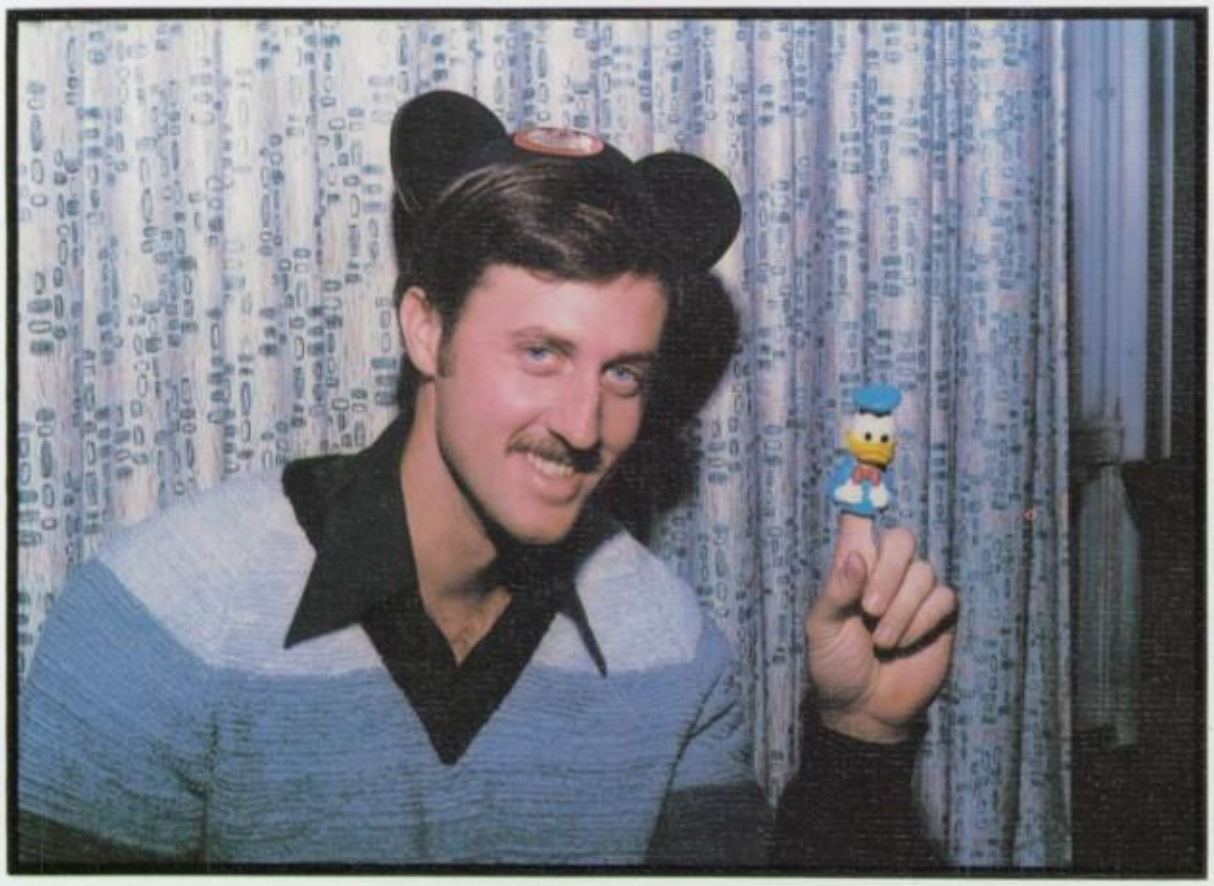
"Who's been making all these long-distance calls to Disney World?"

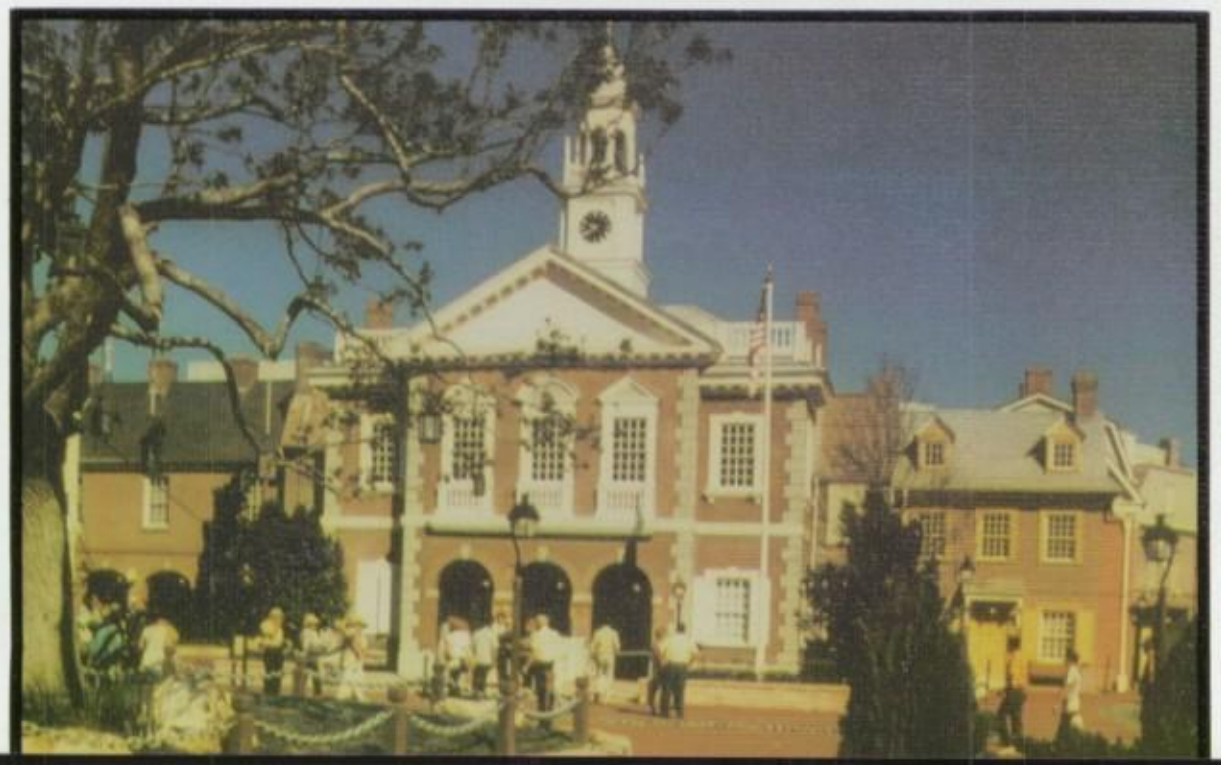












LIBERTY SQUARE

Liberty Square is America on the eve of Independence—1776. In **Liberty Square,** Walt Disney sought to dramatize "in a different and exciting way" the importance of our American heritage. This story, called "One Nation Under God", is told in the "Hall of Presidents," through the Chief Executives who have led our nation throughout its history.

Enjoy your trip through West Branch's very own "Hall of Presidents" by touring the "Hall of Teachers."

EDITORS' CLOSING

Most people do not realize how much hard work and effort were involved in producing the 1981-82 yearbook. It not only took a lot of time on our part, but there were many others who contributed!

First, we would like to thank our advisor, Mrs. McNutt, who helped us make the most important decision in producing a yearbook — deciding the theme. She also gave us the freedom to make our own decisions and was never critical. Even though we were inexperienced editors, she had a lot of patience and understanding.

Next we would like to thank Ken Brayer, our yearbook representative. He gave the staff encouragement when we sold ads. Ken also helped us design the cover and choose the necessary materials. He was a big help in answering the many questions we asked him. We would also like to thank Ken's daughter, Becky, who let us use her **Walt Disney's Story Land** book.

With a great deal of pride and appreciation, we would like to extend a special thank you to the entire annual staff. Designing page layouts required a lot of extra time and work. The staff was very responsible and did a wonderful job completing pages before the deadline. Those who worked on page layouts included: Katie Crawford, Shawn Martin, Debbie Stoffer, Rhonda Zepernick, Sue Lippiatt, Jodi McDaniel, Nancy White, Sherri Hartzell, Sherri Santucci, Cindy Lippiatt, and Denise Domer. Marian Yorlano, our typist, finished typing the caption sheets very quickly, which made it possible for us to mail the pages on time. Our business manager, Toy Donitzen, completed 62 pages of ads. She had a big job because we obtained more ads this year than ever before.

Scott Hoover and Roger Iler took all the pictures in the ad section and also many student candids. We would like to compliment Abey Studio for their fine photography. Not only did they take excellent pictures, but they were very agreeable to work with.

We are very grateful to Terry McCorvie, Walt Disney's Publicity Agent. He gave us permission to go ahead with the Walt Disney theme and was very helpful in answering our questions and providing us with Walt Disney World slides.

Dave Bloor contributed much of his time doing artwork for the yearbook and did a professional job on each project. Thank you also to Ted Kelly who contributed artwork, too.

Providing us with the necessary scores and athletic facts, Lynne Stitle, sports scores reporter, always came through with the needed scores after each season.

Thanks to all who cooperated in carrying out the Walt Disney theme and helped make this book a success.

". . . K-E-Y Why? Because we like you, M-O-U-S-E."

Hi ho, hi ho, it's off to work we go.

SALEMSALEMSALEMSALEMSALEMSALEMSALEMSALEMSALEMSALEMSALEMS

THE ALOE VERA STORY

HISTORY records that Cleopatra used it in her beauty regimen. Marco Polo and Hippocrates both found it useful, and it's mentioned many times in the Bible.

Is it medicinal or cosmetic?

It's ALOE VERA, and actually, it's both. Besides helping to treat and soothe cuts, burns and skin diseases, the gel from this cactus-like plant is credited with keeping skin smooth and supple.

How many of you have heard of aloe vera? Those of you who haven't may be wondering, "WHY haven't I heard of this marvelous plant before?" The reason is very simple: the aloe vera plant is native only to climates where the temperature does not drop below freezing. And since the juice from the newly-cut leaves quickly loses its beneficial properties, only those people who lived near the hot, arid desert areas where the plant grew were able to enjoy its benefits.

But in the 1960's, a unique process was developed that enabled the cut aloe vera to retain all the beneficial activities of the fresh gel. This process of stabilization was patented and is the base for the AVA CARE line.
